

DATE: January 29, 2024

TIME: 6:30 AM

We did not groom last night due to warm temperatures and light snowfall. The base/subsurface is extremely wet; grooming before temperatures fall will compact the snow. We may make use of some of the snowmaking terrain to groom a teaching/practice/workout area later this morning; and we will be packing out a field for the Grammar School outdoor exercise classes. Trails that were groomed for Sunday will still have visible tracking under 1-2" of wet snow. Suitable for classic touring by experienced skiers. Early, proficient skaters will do OK (slow) but it will clump up quickly.
